

INVISIBLE STAIN BARRIER!

Stain Protecting Barrier

Description

A ready to use, VOC free, impregnating stain barrier and sealer.

Uses

For use on slatem natural stone and unglazed wall and floor tiles. Also suitable for use with granite. Provides invisible protection from oil, grease and waterborne contaminants. Suitable for walls, floors, work tops, vanity tops, fireplaces and any other stone surface.

- suitable for all natural stones, even polished marble, slate and granite.
- invisible long lasting seal.
- prevents staining by oil grease and waterbourne contaminants.
- eco friendly - VOC free.

Preparation

Always try a small inconspicuous test area prior to application. Turn off any underfloor heating and do not use at temperatures below 10°C.

Application

1. Shake the bottle before use.
2. Ensure all surfaces are clean and dry.
3. Ensure surrounding area glass or non porous surfaces are protected from splashes.
4. Spray on to the surface and using either a fine brush or lint free cloth wipe over the area without leaving any pooling or puddling.
5. Remove any excess within 10 minutes of application.
6. Allow to dry.
7. Clean tools with warm, soapy water.

Note: this product takes up to 7 days to give maximum protection. As all surfaces differ, it is recommended that this product is tested on a small inconspicuous area to determine suitability for use. It is the users responsibility to determine suitability. Turn off any underfloor

heating before use and do not use on surface temperatures below 10°C.

Cleaning of Tools

All equipment used should be rinsed thoroughly with plenty of water.

Limitations

Treated surfaces which have been cleaned with harsh detergents may need re-application.

Storage Conditions

Store in cool, dry conditions in a sealed container. Protect from frost, high temperature and direct sunlight.

Shelf Life

Up to 12 months when stored according to manufacturers instructions.

Disposal of Containers

Do not leave empty containers where residue could be harmful to children, animals or the environment. Containers can be recycled.
