

Never compromise on quality!

LIMESCALE REMOVER

Fast acting limescale removal for use in kitchens and bathrooms.

Description

Safely removes limescale and dirt from sanitary ware, tiles, shower screens, etc.

Uses

Fast acting limescale removal and helps prevent build-up on showers and baths, sinks and basins, taps, plugholes, shower heads, shower screens, tiles, toilet bowls. Also suitable for use on acrylic and plastic surfaces.

- ◆ Removes limescale.
- ◆ Removes soap scum.
- ◆ Leaves a brilliant shine.

Application

Ensuring complete coverage, simple spray onto the surface to be cleaned. A gentle wipe may be required to ensure complete contact with the area to be cleaned. Rinse thoroughly within 5 minutes with water. No need to wipe dry. On heavily soiled areas the procedure may need to be repeated as required. Used regularly it will help prevent the build-up of limescale.

Note: As all surfaces differ, it is recommended that this product is tested on a small inconspicuous area to determine suitability for use. It is the users responsibility to determine suitability. DO NOT USE on: gold, copper, aluminium or painted surfaces; coloured, old or damaged enamel; plastic water boilers; natural stone including marble, limestone and travertine; hot, damaged or scratched surfaces; electrical appliances.

Storage Conditions

Store at room temperature. Protect from frost and high temperature.

Shelf Life

2 years when stored according to manufacturers instructions.

Disposal of Containers

Do not leave empty containers where residue could be harmful to children, animals or the environment. Replace lids and remove any containers to a central disposal point in accordance with local regulations.

Health & Safety

The surfactants content complies with the biodegradability as laid down in Regulation No 648/2004 (EC) on "detergents".

Contains less than 5% non-ionic surfactants, citric acid.

- ◆ Product presents a low hazard in correct use.
- ◆ Avoid skin contact, wear gloves.
- ◆ Avoid eye contact. In the event of contact irrigate eyes immediately with plenty of cold, clean water for 15 minutes and seek medical attention.
- ◆ Do not ingest. In the event of ingestion, do not induce vomiting, drink plenty of water and seek medical attention.
- ◆ Do not mix with bleach or other cleaning products.
- ◆ Do not inhale spray. Use only in well ventilated areas.
- ◆ Thoroughly wash hands with soap and water after use.
- ◆ Keep out of reach of children.
- ◆ Some people are more sensitive to chemical products than others. If irritation occurs discontinue use.
- ◆ See separate material safety data sheet for full handling, use and storage.

Specification Summary

Appearance	Clear liquid
Odour	Odourless
Flammability	Non flammable
Boiling Point	approx 100°C
Density	0.99g/ml
Minimum Application Temp.	+5°C

Container Sizes

Code:	BDC009
Size:	500ml
Barcode:	5060021369765

The data presented in this leaflet are in accordance with the present state of our knowledge, but do not absolve the user from carefully checking all supplies immediately on receipt. We reserve the right to alter product constants within the scope of technical progress or new developments. The recommendations made in this leaflet should be checked by preliminary trials because of conditions during processing over which we have no control, especially where other companies raw materials are also being used. The recommendations do not absolve the user from the obligation of investigating the possibility of infringement of third parties rights and, if necessary clarifying the position. Recommendations for use do not constitute a warranty, either expressed or implied, of the fitness or suitability of the products for a particular purpose.
