

Never compromise on quality!

MOULD STOP

Mould & Mildew Remover

Description

A premium grade, powerful cleaning agent formulated to remove mould, mildew and lichen, etc.

- Removes and eradicates organic growth
- Suitable for use on wood, concrete, plastic, stone and tarmac
- Easy to use - just apply and leave to dry
- Ideal for use at home, in the garden, for caravans and boats, public walk areas, in farm yards, kennels and stables.

Uses

Removes all types of active mildew, lichens, organic green growth, algae, etc. from brick, stone, roof tiles, corrugated iron, lead, built up felt, concrete, wood, tarmac, painted surfaces, decking, garden furniture, pavements, plastic and glass. Can also be used on fabric awnings (check for colour fastness first). Can be applied internally and externally.

Application

Ideally use when rain is not imminent. Ensure the surface to be treated is free from loose material, dirt and grease. Use product neat, no need for dilution. Apply using either a spray, soft broom, paint brush or watering can. Apply evenly to the surface to be treated. Ensure the liquid thoroughly coats cracks and crevices. Leave for a few days to dry to allow product to reach full strength. Kills mould and algae within 2-3 days of application and prevents re-growth for many months. Stubborn growth areas may require further application. Any residue should weather away over a period of time. Note: as all surfaces differ, it is recommended that this product is tested on a small inconspicuous area to determine suitability before use. It is the users' responsibility to determine suitability.

Cleaning of Tools

All equipment used should be rinsed thoroughly with plenty of water.

Limitations

This product will scorch foliage where it makes contact, however, small amounts of run-off should not harm roots. Take care near fish ponds; a few drops entering water will not harm fish/pond life but try to avoid this happening. Plastic implements are recommended for application. Rinse after use and clean metal parts thoroughly to avoid corrosion as this product may attack marble and some metals. Do not throw rinsing water onto plants/grass. If the surface is to be treated with any other product then the surface should be swept with a stiff brush to remove dried material, washed and left to dry out prior to application.

Storage Conditions

Store in cool, dry conditions. Do not store near food products. Protect from frost, high temperatures and direct sunlight.

Shelf Life

Up to 24 months when stored according to manufacturers instructions.

Coverage

15m² per litre depending on porosity of substrate.

Disposal of Containers

Do not leave empty containers where residue could be harmful to children, animals or the environment. Replace lids and remove any containers to a central disposal point in accordance with local regulations.

Health & Safety

Skin Irrit.2, Eye Irrit.2. Causes skin and serious eye irritation. Wear suitable gloves,

eye/face protection. Avoid breathing spray. If on skin, wash with plenty of soapy water. If in eyes, rinse cautiously with water for several minutes. If symptoms persist, seek medical advice. Keep out of reach of children. See separate material safety data sheet for full handling, use and storage.

Specification Summary

Flammability	Non Flammable
Colour	Clear liquid
pH	N/A
Solubility in water:	Soluble
Composition	Betane

Container Sizes

Code:	BDH070	BDH073
Size:	5L	2.5L
Barcode:	5060021362346	5060021367310

The data presented in this leaflet are in accordance with the present state of our knowledge, but do not absolve the user from carefully checking all supplies immediately on receipt. We reserve the right to alter product constants within the scope of technical progress or new developments. The recommendations made in this leaflet should be checked by preliminary trials because of conditions during processing over which we have no control, especially where other companies raw materials are also being used. The recommendations do not absolve the user from the obligation of investigating the possibility of infringement of third parties rights and, if necessary clarifying the position. Recommendations for use do not constitute a warranty, either express or implied, of the fitness or suitability of the products for a particular purpose.
