

SAFETY DATA SHEET

according to 1907/2006/EC, Article 31

Page 1/6

BITUMEN TROWEL MASTIC CLP

Revision Revision date 2015-05-19

1.1. Product identifier

Product name	BITUMEN TROWEL MASTIC CLP
i loudel liaille	DITOMENT INCOVER MACTIC CEI

1.3. Details of the supplier of the safety data sheet

Company SEAL IT SERVICES LTD

Address T/A BOND IT

> Unit G16 Riverbank Way, Lowfields Business Park, Flland

> West Yorkshire HX5 9DN

Web www.bond-it.co.uk 01422 315300 Telephone 01422 315310 Fax **Email** sales@bond-it.co.uk

1.4. Emergency telephone number

01422 315300 Emergency telephone number

8.30AM - 5.30PM Mon-Fri

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

2.1.1. Classification -

67/548/EEC

Xn; R40-65 N; R51/53 R10-66-67

Symbols: Xn: Harmful. N: Dangerous for the environment.

Main hazards

Flammable. Limited evidence of a carcinogenic effect. Toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment. Harmful: may cause lung damage if swallowed. Repeated exposure may cause skin dryness or cracking. Vapours may cause

drowsiness and dizziness.

2.1.2. Classification - EC

1272/2008

EUH066; Flam. Liq. 3: H226; Asp. Tox. 1: H304; STOT SE 3: H336; Carc. 2: H351; Aquatic

Chronic 2: H411;

2.2. Label elements

Hazard pictograms

Signal Word

Hazard Statement

EUH066 - Repeated exposure may cause skin dryness or cracking.

Flam. Liq. 3: H226 - Flammable liquid and vapour.

Asp. Tox. 1: H304 - May be fatal if swallowed and enters airways.

STOT SE 3: H336 - May cause drowsiness or dizziness.

Carc. 2: H351 - Suspected of causing cancer.

Aquatic Chronic 2: H411 - Toxic to aquatic life with long lasting effects.

Revision 1
Revision date 2015-05-19

2.2. Label elements

Precautionary Statement:	P201 - Obtain special instructions before use.
Prevention	P202 - Do not handle until all safety precautions have been read and understood.
	P210 - Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No
	smoking.
	P233 - Keep container tightly closed.
	P240 - Ground/bond container and receiving equipment.
	P241 - Use explosion-proof electrical/ventilating/lighting// equipment.
	P242 - Use only non-sparking tools.
	P243 - Take precautionary measures against static discharge.
	P261 - Avoid breathing dust/fume/gas/mist/vapours/spray.
	P271 - Use only outdoors or in a well-ventilated area.
	P273 - Avoid release to the environment.
	P280 - Wear protective gloves/protective clothing/eye protection/face protection.
Precautionary Statement:	P301+P310 - IF SWALLOWED: IF SWALLOWED: Immediately call a POISON CENTER/doctor/ .
Response	P303+P361+P353 - IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse
	skin with water/shower.
	P304+P340 - IF INHALED: Remove person to fresh air and keep comfortable for breathing.
	P308+P313 - IF exposed or concerned: Get medical advice/attention.
	P312 - Call a POISON CENTER/doctor/ /if you feel unwell.
	P331 - Do NOT induce vomiting.
	P370+P378 - In case of fire: Use to extinguish.
	P391 - Collect spillage.
Precautionary Statement:	P403+P233 - Store in a well-ventilated place. Keep container tightly closed.
Storage	P403+P235 - Store in a well-ventilated place. Keep cool.
	P405 - Store locked up.
Precautionary Statement:	P501 - Dispose of contents/container to meet National Legislation and Environmental Regulations
Disposal	

SECTION 3: Composition/information on ingredients

3.1. Substances

67/548/EEC / 1999/45/EC

Chemical Name	Index No.	CAS No.	EC No.	REACH Registration Number	Conc. (%w/w)	Classification	M-factor.
Bitumen		64742-93-4				Xn; R40	
White Spirit			919-446-0			Xn; R65 N; R51/53 R10-66-67

White Spirit			919-446-0			EUH066; Flam. Liq. 3: H226; Asp. Tox. 1: H304; STOT SE 3: H336; Aquatic Chronic 2: H411;	

SECTION 4: First aid measures

4.1. Description of first aid measures

Inhalation	Move the exposed person to fresh air.
Eye contact	Rinse immediately with plenty of water for 15 minutes holding the eyelids open.
Skin contact	Wash off immediately with plenty of soap and water. Remove contaminated clothing.
Ingestion	DO NOT INDUCE VOMITING.

4.2. Most important symptoms and effects, both acute and delayed

Inhalation	Inhalation may cause coughing, tightness of the chest and irritation of the respiratory system.
Eye contact	May cause irritation to eyes.

Revision 1
Revision date 2015-05-19

Ingestion may cause nausea and vomiting. 4.3. Indication of any immediate medical attention and special treatment needed inhalation Seek medical attention if imitation or symptoms persist. Sekn contact Seek medical attention if imitation or symptoms persist. Seek medical attention if imitation or symptoms persist. Seek medical attention if imitation or symptoms persist. General information In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). SECTION 5: Firefighting measures 5.1. Extinguishing media Carbon oxides. Alcohol resistant foam. 5.2. Special hazards arising from the substance or mixture Security of the substance or mixture Burning produces imitating, toxic and obnoxious fumes. 5.3. Advice for firefighters Wear suitable respiratory equipment when necessary. SECTION 6: Accidental release measures 6.1. Personal procautions, protective equipment and emergency procedures Ensure adequate ventilation of the working area. Evacuate personnel to a safe area. Eliminate all sources of ignition. Wear suitable protective equipment. 8.2. Environmental procautions Do not allow product to enter drains. Prevent further spillage if safe. 8.3. Methods and material for containment and cleaning up Absorb with inert, absorbent material. Transfer to suitable, labelled containers for disposal. Clean spillage area thoroughly with plenty of water. SECTION 7: Handling and storage 7.1. Precautions for safe handling Avoid contact with eyes and skin. Ensure adequate ventilation of the working area. Use explosion proof equipment. Keep away from sources of ignition - No smoking. 7.2. Conditions for safe storage, including any incompatibilities Keep in a cool, dry, well ventilated area. Keep containers tightly closed. Store in correctly labelled containers. Ensure adequate ventilation of the working area. Wear chemical resistant gloves (PVC). Handling area. Chemical resistant gloves (PVC).		Revision date 2015-05-1
Ingestion Ingestion may cause nausea and vomiting. 4.3. Indication of any immediate medical attention and special treatment needed inhibitation Seek medical attention if irritation or symptoms persist. General information In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). SECTION 5: Firefighting measures 5.1. Extinguishing media Carbon oxides. Alcohol resistant foam. 5.2. Special hazards arising from the substance or mixture Burning produces irritating, toxic and obnoxious fumes. 5.3. Advice for firefighters Wear suitable respiratory equipment when necessary. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Ensure adequate ventilation of the working area. Evacuate personnel to a safe area. Eliminate all sources of ignition. Wear suitable protective equipment. 8.2. Environmental procautions Do not allow product to enter drains. Prevent further spillage if safe. 8.3. Methods and material for containment and cleaning up Absorb with inert, absorbent material. Transfer to suitable, labelled containers for disposal. Clean spillage area thoroughly with plenty of water. SECTION 7: Handling and storage 7.1. Precautions for safe handling Avoid contact with eyes and skin. Ensure adequate ventilation of the working area. Use explosion proof equipment. Keep away from sources of ignition - No smoking. 7.2. Conditions for safe storage, including any incompatibilities Reep in a cool, dry, well ventilated area. Keep containers tightly closed. Store in correctly labelled contrainers. SECTION 8: Exposure controls/personal protection 8.2. Exposure controls 8.2.1. Appropriate engineering controls Chemical resistant gloves (PVC). Approved safety goggles. Chemical resistant gloves (PVC).	4.2. Most important symptoms a	and effects, both acute and delayed
4.3. Indication of any immediate medical attention and special treatment needed Inhalation Seek medical attention. Seek medical attention if irritation or symptoms persist. Seek medical attention if irritation or symptoms persist. Seek medical attention if irritation or symptoms persist. Seek medical attention if irritation or symptoms persist. Seek medical attention if irritation or symptoms persist. Seek medical attention if irritation or symptoms persist. Seek medical attention if irritation or symptoms persist. In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). SECTION 5: Fireflighting measures 5.1. Extinguishing media Carbon oxides. Alcohol resistant foam. 5.2. Special hazards arising from the substance or mixture Burning produces irritating, toxic and obnoxious fumes. 5.3. Advice for fireflighters Wear suitable respiratory equipment when necessary. SECTION 6: Accidental release measures 8.1. Personal precautions, protective equipment and emergency procedures Ensure adequate ventilation of the working area. Evacuate personnel to a safe area. Eliminate all sources of ignition. Wear suitable protective equipment. 8.2. Environmental precautions Do not allow product to enter drains. Prevent further spillage if safe. 8.3. Methods and material for containment and cleaning up Absorts with inert, absorbent material. Transfer to suitable, labelled containers for disposal. Clean spillage area thoroughly with plenty of water. SECTION 7: Handling and storage 7.1. Precautions for safe handling Avoid contact with eyes and skin. Ensure adequate ventilation of the working area. Use explosion proof equipment. Keep away from sources of ignition - No smoking. 7.2. Conditions for safe storage, including any incompatibilities Keep in a cool, dry, well ventilated area. Keep containers tightly closed. Store in correctly labelled contrainers. B.2. Exposure controls/personal protection 8.2. Exposure controls/personal protection 8.3. Appropriate eng	Skin contact	May cause irritation to skin.
Seek medical attention. Seek medical attention if irritation or symptoms persist. Seek medical attention if irritation or symptoms persist. Seek medical attention if irritation or symptoms persist. Seek medical attention if irritation or symptoms persist. In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). SECTION 5: Firefighting measures 5.1. Extinguishing media Carbon oxides. Alcohol resistant foam. 5.2. Special hazards arising from the substance or mixture Burning produces irritating, toxic and obnoxious furnes. S.3. Advice for firefighters Wear suitable respiratory equipment when necessary. SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures Ensure adequate ventilation of the working area. Evacuate personnel to a safe area. Eliminate all sources of ignition. Wear suitable protective equipment. 6.2. Environmental precautions Do not alliow product to enter drains. Prevent further spillage if safe. 8.3. Methods and material for containment and cleaning up Absorb with inert, absorbent material. Transfer to suitable, labelled containers for disposal. Clean spillage area thoroughly with plenty of water. SECTION 7: Handling and storage 7.1. Precautions for safe handling Avoid contact with eyes and skin. Ensure adequate ventilation of the working area. Use explosion proof equipment. Keep away from sources of ignition - No smoking. 7.2. Conditions for safe storage, including any incompatibilities Respiratory profection 8.2. Exposure controls/personal protection 8.2. Exposure controls/personal protection 8.3. 2.1. Appropriate engineering Ensure adequate ventilation of the working area. Chemical resistant gloves (PVC). Handprotection Respiratory protection Wear suitable respiratory equipment when necess	Ingestion	Ingestion may cause nausea and vomiting.
Seek medical attention if irritation or symptoms persist. Seek medical attention if irritation or symptoms persist. Seek medical attention if irritation or symptoms persist. General information In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). SECTION 5: Firefighting measures 5.1. Extinguishing media Carbon oxides. Alcohol resistant foam. 5.2. Special hazards arising from the substance or mixture Burning produces irritating, toxic and obnoxious fumes. 5.3. Advice for firefighters Wear suitable respiratory equipment when necessary. SECTION 6: Accidental release measures 8.1. Personal precautions, protective equipment and emergency procedures Ensure adequate ventilation of the working area. Evacuate personnel to a safe area. Eliminate all sources of ignition. Wear suitable protective equipment. 8.2. Environmental precautions Do not allow product to enter drains. Prevent further spillage if safe. 8.3. Methods and material for containment and cleaning up Absorb with inert, absorbent material. Transfer to suitable, labelled containers for disposal. Clean spillage area thoroughly with plenty of water. SECTION 7: Handling and storage 7.1. Precautions for safe handling Avoid contact with eyes and skin. Ensure adequate ventilation of the working area. Use explosion proof equipment. Keep away from sources of ignition - No smoking. 7.2. Conditions for safe storage, including any incompatibilities Keep in a cool, dry, well ventilated area. Keep containers tightly closed. Store in correctly labelled contrainers. Ensure adequate ventilation of the working area. Ensure adequate ventilation of the working area. SECTION 8: Exposure controls/personal protection 8.2. Environmental protection B.2. 	SECTION 9: Physical and ch	nemical properties

Revision 1
Revision date 2015-05-19

9.1. Information on basic physical and chemical properties

Appearance Liquid Colour Black Odour Aromatic рΗ No data available Melting point No data available Freezing Point No data available Initial boiling point No data available Flash point 38 °C Flammability (solid, gas) No data available Vapour pressure No data available Vapour density No data available **Evaporation rate** No data available No data available Autoignition temperature **Explosive properties** No data available Oxidising properties No data available No data available Relative density Partition coefficient No data available Viscosity No data available **Fat Solubility** No data available Solubility Insoluble in water

9.2. Other information

Conductivity
Gas group
No data available
Surface tension
No data available

SECTION 10: Stability and reactivity

10.2. Chemical stability

Stable under normal conditions.

10.3. Possibility of hazardous reactions

Oxidising agents.

10.4. Conditions to avoid

Heat, sparks and open flames.

SECTION 11: Toxicological information

11.1.4. Toxicological Information

No data available

SECTION 12: Ecological information

12.1. Toxicity

No data available

Toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment.

12.3. Bioaccumulative potential

Partition coefficient

BITUMEN TROWEL MASTIC No data available
CLP

SECTION 13: Disposal considerations

General information

Revision Revision date 2015-05-19

General information

Dispose of in compliance with all local and national regulations.

SECTION 14: Transport information

Hazard pictograms

14.1. UN number

UN1263

14.2. UN proper shipping name

PAINT RELATED MATERIAL

14.3. Transport hazard class(es)

ADR/RID	3
Subsidiary risk	-
IMDG	3
Subsidiary risk	-
IATA	3
Subsidiary risk	_

14.4. Packing group

Packing group	III

14.5. Environmental hazards

Environmental hazards	Yes
Marine pollutant	Vac

ADR/RID

Hazard ID	30
Tunnel Category	(D/E)

IMDG

EmS Code	F-E S-E
----------	---------

IATA

Packing Instruction (Cargo)	366
Maximum quantity	220 L
Packing Instruction	355
(Passenger)	
Maximum quantity	60 L

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

Regulations

COMMISSION REGULATION (EU) No 453/2010 of 20 May 2010 amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EEC and 2000/21/EC

SECTION 16: Other information

Other information

Revision	This document differs from the previous version in the following areas:.
----------	--

Revision 1
Revision date 2015-05-19

Other information		
	2 - Precautionary Statement: Disposal.	
Text of risk phrases in Section	R10 - Flammable	
3	R40 - Limited evidence of a carcinogenic effect.	
	R51/53 - Toxic to aquatic organisms, may cause long-term adverse effects in the aquatic	
	environment.	
	R65 - Harmful: may cause lung damage if swallowed.	
	R66 - Repeated exposure may cause skin dryness or cracking.	
	R67 - Vapours may cause drowsiness and dizziness.	
Text of Hazard Statements in	EUH066 - Repeated exposure may cause skin dryness or cracking.	
Section 3	Flam. Liq. 3: H226 - Flammable liquid and vapour.	
	Asp. Tox. 1: H304 - May be fatal if swallowed and enters airways.	
	STOT SE 3: H336 - May cause drowsiness or dizziness.	
	Aquatic Chronic 2: H411 - Toxic to aquatic life with long lasting effects.	
Further information		
	The information supplied in this Safety Data Sheet is designed only as guidance for the safe use, storage and handling of the product. This information is correct to the best of our knowledge and belief at the date of publication however no guarantee is made to its accuracy. This information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any other process.
